New Zealand COVID-19 Alert Levels

- The Alert Levels are determined by the Government and specify the public health and social measures to be taken in the fight against COVID-19. Further guidance is available on the Covid19.govt.nz website.
- The measures may be updated based on new scientific knowledge about COVID-19, information about the effectiveness of control measures in New Zealand and overseas, or the application of Alert Levels at different times (e.g. the application may be different depending on if New Zealand is moving down or up Alert Levels).
- Different parts of the country may be at different Alert Levels. We can move up and down Alert Levels.
- Essential services including supermarkets, health services, emergency services, utilities and goods transport will continue to operate at any level. Employers in those sectors must continue to meet health and safety obligations.
- Restrictions at the different Alert Levels are cumulative (e.g. at Alert Level 4, all restrictions at Alert Levels 1, 2 and 3 apply).

<table>
<thead>
<tr>
<th>OUTCOME</th>
<th>ALERT LEVEL 1</th>
<th>ALERT LEVEL 2</th>
<th>ALERT LEVEL 3</th>
<th>ALERT LEVEL 4</th>
</tr>
</thead>
<tbody>
<tr>
<td>OUTCOME</td>
<td>Keep out global pandemic. Population prepared for increase in alert levels if necessary.</td>
<td>Physical distancing and restrictions on gatherings to address sporadic cases or a cluster in New Zealand.</td>
<td>Further restrictions on activities, including at workplaces and socially, to address a high risk of transmission within New Zealand.</td>
<td>Strong restrictions to limit all people movement and contact to contain community transmission and outbreaks.</td>
</tr>
<tr>
<td>SUMMARY</td>
<td>Be prepared, and be vigilant.</td>
<td>Businesses open, but physical distancing requirements apply.</td>
<td>Stay at home, other than for essential personal movement, and going to work/school.</td>
<td>Stay at home, other than for essential personal movement and doing essential work.</td>
</tr>
<tr>
<td>Summary</td>
<td>Public health measures are guidance for everyone but are not a legal requirement.</td>
<td>Gatherings limited.</td>
<td>Stay in extended bubble, which can now include close family or caregivers.</td>
<td>Stay in immediate household bubble.</td>
</tr>
</tbody>
</table>

Public health measures:
- Public health measures are guidance for everyone but are not a legal requirement.
- No physical distancing requirements.
- People should keep 2 metres from people they don’t know, in public and retail stores. Keep 1 metre in other environments like workplaces, gyms, libraries and cinemas where practicable.
- Groups of friends and whānau should be limited to 100 people when socialising.
- People required to keep 2 metres apart outside home where possible (apart from with people within their extended bubble). This requirement does not apply to emergency and frontline public services (e.g. healthcare).
- In a controlled environment such as a workplace, 1 metre distancing is required.
- People should keep 2 metres apart at all times outside home, including at workplaces. This requirement does not apply to emergency and frontline public services (e.g. healthcare).

General public health advice:
- Regularly disinfect surfaces; wash and dry hands, cough and sneeze into elbow, don’t touch your face; if you have cold or flu symptoms stay at home and ring Healthline or your GP.

Contact tracing:
- Ongoing contact tracing for all confirmed and probable new cases of COVID-19, with appropriate isolation measures put in place.
- QR codes issued by the NZ Government must be displayed in workplaces and on public transport to enable use of the NZ COVID Tracer App for contact tracing.

Testing:
- Testing of all potential cases of COVID-19 for people who meet the case definition (i.e. are displaying relevant symptoms). Tests will take place at dedicated Community-Based Assessment Centres or designated practices.
- Random testing within communities (including for people who are asymptomatic) may be carried out locally to inform understanding on the spread of the virus in certain areas.

Isolation and quarantine:
- Stringent self-isolation of those who display relevant symptoms of COVID-19, test positive for COVID-19, have been in close contact with someone who tests positive for COVID-19, including quarantine/managed isolation for those who have been overseas in the last 14 days. Quarantine facilities mandated for those who do not have sufficient capacity to self-isolate effectively.

Border:
- Robust border measures in place which safeguard against the risk of COVID-19 being transmitted into New Zealand. Currently, managed isolation or quarantine on arrival for 14 days before onward domestic travel.

Updated 28 August 2020
### Personal movement

**Alert Level 1**
- No restrictions on personal movement.
- Sports and recreational activities allowed.
- People are encouraged to record where they have been and who they have been by using the NZ COVID Tracer App.

**Alert Level 2**
- Leave home, but in a safe way.
  - Participating in sports and recreational activities is allowed, subject to conditions on gatherings, record keeping, hygiene requirements and – where practical – physical distancing.
  - People at higher-risk of severe illness from COVID-19 (e.g. older people and those with underlying medical conditions, especially if not well-controlled) may work and study, if they agree with their employer or education provider that they can do so safely.

**Alert Level 3**
- People instructed to stay at home, other than for essential personal movement:
  - Accessing local services and businesses
  - Going to work or school (only for those who have to)
  - Low risk recreation in local area
  - Shared and extended bubble arrangements
  - Emergencies and giving effect to court orders
  - Travelling to permitted gatherings
  - Limited customary purposes
  - Relocating a home or business
  - Medical reasons
  - Those who have an exemption to travel because of compassionate reasons
  - Foreign nationals leaving New Zealand
  - New Zealanders resident in the Realm returning home, and
  - People arriving in New Zealand from overseas and returning home after 14 days’ isolation/quarantine at port of arrival (except air and marine crew).

**Alert Level 4**
- People instructed to stay at home, other than for essential personal movement as defined in Health Act Order of 3 April 2020.
- People must stay within their immediate household bubble.
  - There may be extended bubbles where there are shared care and custody arrangements. Anyone who feels unwell must immediately self-isolate from others in their bubble.
- Sports and recreational activities allowed if within scope of essential personal movement as defined in Health Act Order of 3 April 2020.
- People at higher-risk of severe illness from COVID-19 (e.g. those with underlying medical conditions, especially if not well-controlled, and the elderly) are encouraged to take additional precautions when leaving home. They may work, if they agree with their employer that they can do so safely.

### Travel and transport

**Alert Level 1**
- No restrictions on freight.
- All freight can be distributed and received.
- All freight can enter and leave the country.

**Alert Level 2**
- No restrictions on domestic travel.
- Avoid mass transport if sick, awaiting a result from a COVID-19 test, or required/recommended to self-isolate.
- Border restrictions remain in place.

**Alert Level 3**
- You can travel, but do it in a safe way.
  - You can travel, but do it in a safe way.
  - Do not use mass transport if required to self-isolate/quarantine, experiencing symptoms of COVID-19, awaiting a result from a COVID-19 test, suspected/probable/confirmed to have COVID-19, or if subject to an individual notice issued under section 70(1)(f) of the Health Act.
  - Appropriate physical distancing and other risk mitigating measures in place on public transport and aircraft as agreed by relevant agencies.

**Alert Level 4**
- Travel is allowed for the following essential personal movement in your local area:
  - Accessing local services and businesses
  - Going to work and school
  - Low risk recreation in local area
  - Extended bubble arrangements, and
  - Travelling to permitted gatherings.
  - Those travelling on public transport should avoid peak times unless they are going to work or school.

- Personal travel (including the use of private cars or public transport) is only permitted within territorial authority, and for essential personal movement as defined in Health Act order of 3 April 2020.

### Workplaces

<table>
<thead>
<tr>
<th>Alert Level</th>
<th>Requirements</th>
</tr>
</thead>
</table>
| 1 | Businesses must operate safely and fulfill all their usual health and safety obligations. Alert Level 1 places no additional legal obligations on them:  
• Businesses and services are encouraged to maintain records to enable contact tracing but this is not a legal requirement. |
| 2 | Businesses and workplaces must operate safely. This means:  
• complying with general Alert Level 2 settings;  
• meeting appropriate public health requirements for their workplace (e.g. having contact tracing systems and physical distancing); and  
• fulfilling all other health and safety obligations.  
All businesses are encouraged to use alternative ways of working if possible. Business premises can open for staff and customers provided they meet public health requirements. Services can also be provided on customers’ premises (e.g. in homes).  
Close contact services can operate if they meet public health measures including robust record keeping, good hygiene practices and minimised contact to the extent possible.  
If a workplace cannot meet these measures it cannot open its physical premises. |
| 3 | People required to work from home unless that is not possible. Workplaces can only open if:  
• workers cannot work from home, and  
• workplaces are operating safely, and  
• customers are not allowed on premises, and  
• businesses can trade without physical contact with customers (e.g. through phone/online orders, delivery, pick-up and drive-through).  
Businesses cannot offer services that involve close personal contact, unless a supermarket, pharmacy, petrol station or hardware store providing goods to trade customers, or it is an emergency or critical situation.  
Supermarkets, dairies and petrol stations can have customers on premises. Retail is possible through delivery and non-contact collection at the door, including of prepared food. No consumption of food/drink is allowed by customers on premises.  
If businesses cannot operate safely, staff must not go to work and premises should remain closed.  
“Operating safely” means:  
• complying with Alert Level 3 settings in this table, and  
• meeting appropriate public health requirements for their workplace, including for workers (e.g. putting up physical barriers), and  
• fulfilling all other health and safety obligations. |
| 4 | People required to work from home unless that is not possible. Workplaces can only open if:  
• there is only one worker in the premises (or household bubble), OR  
• workers cannot work from home, and  
• they are operating safely, and  
• they are essential services.  
“Operating safely” means:  
• complying with Alert Level 4 settings in this table, and  
• meeting appropriate public health requirements for their workplace (e.g. putting up physical barriers), and  
• fulfilling all other health and safety obligations.  
This means if a business providing an essential service cannot operate safely, workers must not go to work and premises should remain closed.  
Only supermarkets, dairies and petrol/service stations can open their retail premises to the public. Essential services must also comply with any specific restrictions on how they operate. |

### Education

<table>
<thead>
<tr>
<th>Education</th>
<th>Requirements</th>
</tr>
</thead>
</table>
| All | Any educational facilities connected to a confirmed or probable case of COVID-19 must close temporarily, if advised by the public health unit, to support contact tracing and case and contact management.  
Tertiary education facilities, schools and early learning centres are open for all age groups.  
Early learning centres and schools are open for children in Years 1–10, with appropriate health measures in place.  
Early learning centres will be open to provide childcare for people who are working. Children will not be able to attend playcentres and play groups. Home-based care, education and supervision of young children for more than one family in a home if public health control measures can be implemented. Children are encouraged to stay at home, if caregiving is available.  
Primary and intermediate schools are open. If there is a parent or caregiver available to look after children at home and school children have access to distance learning, children and young people are encouraged to continue distance learning at home.  
Secondary schools are open for young people in Years 9 and 10 who may not be able to stay home by themselves. All young people in Years 11–13 learn from home.  
Tertiary education facilities open for limited activities involving small groups (up to 10 people), and with distance learning provision for others.  
Any educational facilities connected to a confirmed or probable case of COVID-19 must close temporarily, if advised by the public health unit, to support contact tracing and case and contact management.  
All educational facilities closed.  
• All schools engaged in some form of distance learning.  
• Necessary tertiary student and some school hostel (where international students cannot return home and/or it is not safe for domestic students to return home) accommodation can remain open. |
