The Alert Levels are determined by the Government and specify the public health and social measures to be taken in the fight against COVID-19. Further guidance is available on the Covid19.govt.nz website.

The measures may be updated based on new scientific knowledge about COVID-19, information about the effectiveness of control measures in New Zealand and overseas, or the application of Alert Levels at different times (e.g. the application may be different depending on if New Zealand is moving down or up Alert Levels).

Different parts of the country may be at different Alert Levels. We can move up and down Alert Levels.

Essential services including supermarkets, health services, emergency services, utilities and goods transport will continue to operate at any level. Employers in those sectors must continue to meet health and safety obligations.

Restrictions at the different Alert Levels are cumulative (e.g. at Alert Level 4, all restrictions at Alert Levels 1, 2 and 3 apply).

### ALERT LEVEL 1

**OUTCOME**

Keep out global pandemic. Population prepared for increase in alert levels if necessary.

**SUMMARY**

Be prepared, and be vigilant. Border measures are in place. Public health measures in place, but no physical distancing is needed.

**Public health measures**

Public health measures are guidance for everyone but are not a legal requirement. No physical distancing requirements.

**General public health advice:**

- Regularly disinfect surfaces; wash and dry hands, cough and sneeze into elbow, don’t touch your face; if you have cold or flu symptoms stay at home and ring Healthline or your GP.

**Contact tracing:**

- Ongoing contact tracing for all confirmed and probable new cases of COVID-19, with appropriate isolation measures put in place.

**QR codes issued by the NZ Government must be displayed in workplaces and on public transport to enable use of the NZ COVID Tracer App for contact tracing.**

**Testing:**

- Testing of all potential cases of COVID-19 for people who meet the case definition (i.e. are displaying relevant symptoms). Tests will take place at dedicated Community-Based Assessment Centres or designated practices.

**Random testing within communities (including for people who are asymptomatic) may be carried out locally to inform understanding on the spread of the virus in certain areas.**

**Isolation and quarantine:**

- Stringent self-isolation of those who display relevant symptoms of COVID-19, test positive for COVID-19, have been in close contact with someone who tests positive for COVID-19, including quarantine/managed isolation for those who have been overseas in the last 14 days. Quarantine facilities mandated for those who do not have sufficient capacity to self-isolate effectively.

**Border:**

- Robust border measures in place which safeguard against the risk of COVID-19 being transmitted into New Zealand. Currently, managed isolation or quarantine on arrival for 14 days before onward domestic travel.

### ALERT LEVEL 2

**OUTCOME**

Physical distancing and restrictions on gatherings to address sporadic cases or a cluster in New Zealand.

**SUMMARY**

Businesses open, but physical distancing requirements apply. Gatherings limited.

**Public health measures**

People should keep 2 metres from people they don’t know in public and retail stores. Keep 1 metre in other environments like workplaces, gyms, libraries and cinemas where practicable. Groups of friends and whānau should be limited to 100 people when socialising.

**General public health advice:**

- Regularly disinfect surfaces; wash and dry hands, cough and sneeze into elbow, don’t touch your face; if you have cold or flu symptoms stay at home and ring Healthline or your GP.

**Contact tracing:**

- Ongoing contact tracing for all confirmed and probable new cases of COVID-19, with appropriate isolation measures put in place.

**QR codes issued by the NZ Government must be displayed in workplaces and on public transport to enable use of the NZ COVID Tracer App for contact tracing.**

**Testing:**

- Testing of all potential cases of COVID-19 for people who meet the case definition (i.e. are displaying relevant symptoms). Tests will take place at dedicated Community-Based Assessment Centres or designated practices.

**Random testing within communities (including for people who are asymptomatic) may be carried out locally to inform understanding on the spread of the virus in certain areas.**

**Isolation and quarantine:**

- Stringent self-isolation of those who display relevant symptoms of COVID-19, test positive for COVID-19, have been in close contact with someone who tests positive for COVID-19, including quarantine/managed isolation for those who have been overseas in the last 14 days. Quarantine facilities mandated for those who do not have sufficient capacity to self-isolate effectively.

**Border:**

- Robust border measures in place which safeguard against the risk of COVID-19 being transmitted into New Zealand. Currently, managed isolation or quarantine on arrival for 14 days before onward domestic travel.

### ALERT LEVEL 3

**OUTCOME**

Further restrictions on activities, including at workplaces and socially, to address a high risk of transmission within New Zealand.

**SUMMARY**

Stay at home, other than for essential personal movement, and going to work/school. Stay in extended bubble, which includes close family or caregivers.

**Public health measures**

People required to keep 2 metres apart outside home where possible (apart from people within their extended bubble). This requirement does not apply to emergency and frontline public services (e.g. healthcare).

In a controlled environment such as a workplace, 1 metre distancing is required.

**General public health advice:**

- Regularly disinfect surfaces; wash and dry hands, cough and sneeze into elbow, don’t touch your face; if you have cold or flu symptoms stay at home and ring Healthline or your GP.

**Contact tracing:**

- Ongoing contact tracing for all confirmed and probable new cases of COVID-19, with appropriate isolation measures put in place.

**QR codes issued by the NZ Government must be displayed in workplaces and on public transport to enable use of the NZ COVID Tracer App for contact tracing.**

**Testing:**

- Testing of all potential cases of COVID-19 for people who meet the case definition (i.e. are displaying relevant symptoms). Tests will take place at dedicated Community-Based Assessment Centres or designated practices.

**Random testing within communities (including for people who are asymptomatic) may be carried out locally to inform understanding on the spread of the virus in certain areas.**

**Isolation and quarantine:**

- Stringent self-isolation of those who display relevant symptoms of COVID-19, test positive for COVID-19, have been in close contact with someone who tests positive for COVID-19, including quarantine/managed isolation for those who have been overseas in the last 14 days. Quarantine facilities mandated for those who do not have sufficient capacity to self-isolate effectively.

**Border:**

- Robust border measures in place which safeguard against the risk of COVID-19 being transmitted into New Zealand. Currently, managed isolation or quarantine on arrival for 14 days before onward domestic travel.

### ALERT LEVEL 4

**OUTCOME**

Strong restrictions to limit all people movement and contact to contain community transmission and outbreaks.

**SUMMARY**

Stay at home, other than for essential personal movement and doing essential work. Stay in immediate household bubble.

**Public health measures**

People should keep 2 metres apart at all times outside home, including at workplaces. This requirement does not apply to emergency and frontline public services (e.g. healthcare).

**General public health advice:**

- Regularly disinfect surfaces; wash and dry hands, cough and sneeze into elbow, don’t touch your face; if you have cold or flu symptoms stay at home and ring Healthline or your GP.

**Contact tracing:**

- Ongoing contact tracing for all confirmed and probable new cases of COVID-19, with appropriate isolation measures put in place.

**QR codes issued by the NZ Government must be displayed in workplaces and on public transport to enable use of the NZ COVID Tracer App for contact tracing.**

**Testing:**

- Testing of all potential cases of COVID-19 for people who meet the case definition (i.e. are displaying relevant symptoms). Tests will take place at dedicated Community-Based Assessment Centres or designated practices.

**Random testing within communities (including for people who are asymptomatic) may be carried out locally to inform understanding on the spread of the virus in certain areas.**

**Isolation and quarantine:**

- Stringent self-isolation of those who display relevant symptoms of COVID-19, test positive for COVID-19, have been in close contact with someone who tests positive for COVID-19, including quarantine/managed isolation for those who have been overseas in the last 14 days. Quarantine facilities mandated for those who do not have sufficient capacity to self-isolate effectively.

**Border:**

- Robust border measures in place which safeguard against the risk of COVID-19 being transmitted into New Zealand. Currently, managed isolation or quarantine on arrival for 14 days before onward domestic travel.

<tr>
<td><strong>Personal movement</strong></td>
<td>Leave home, but in a safe way. Participating in sports and recreational activities is allowed, subject to conditions on gatherings, record keeping, hygiene requirements and – where practical – physical distancing. People at higher-risk of severe illness from COVID-19 (e.g. older people and those with underlying medical conditions, especially if not well-controlled) may work and study, if they agree with their employer or education provider that they can do so safely.</td>
<td>People instructed to stay at home, other than for essential personal movement: - Accessing local services and businesses - Going to work or school (only for those who have to) - Low risk recreation in local area - Shared and extended bubble arrangements - Emergencies and giving effect to court orders - Travelling to permitted gatherings - Limited customary purposes - Relocating a home or business - Medical reasons - Those who have an exemption to travel because of compassionate reasons - Foreign nationals leaving New Zealand - New Zealanders resident in the Realm returning home, and - People arriving in New Zealand from overseas and returning home after 14 days’ isolation/quarantine at port of arrival (except air and marine crew). People must stay within their immediate household bubble, but can extend this to connect with close family/whānau, or bring in caregivers, or support isolated people. This extended bubble should remain exclusive. Anyone who feels unwell must immediately self-isolate from others in their extended bubble. People at higher-risk of severe illness from COVID-19 (e.g. those with underlying medical conditions, especially if not well-controlled, and the elderly) are encouraged to take additional precautions when leaving home. They may work, if they agree with their employer that they can do so safely.</td>
<td>People instructed to stay at home, other than for essential personal movement as defined in Health Act Order of 3 April 2020. People must stay within their immediate household bubble. There may be extended bubbles where there are shared care and custody arrangements. Anyone who feels unwell must immediately self-isolate from others in their bubble. Sports and recreational activities allowed if within scope of essential personal movement as defined in Health Act Order of 3 April 2020. People at higher-risk of severe illness from COVID-19 (e.g. those with underlying medical conditions, especially if not well-controlled, and the elderly) are encouraged to take additional precautions when leaving home. They may work, if they agree with their employer that they can do so safely.</td>

</tbody>
</table>

<p>| <strong>Travel and transport</strong> | No restrictions on freight. All freight can be distributed and received as defined in Health Act Order of 3 April 2020. | People at higher-risk of severe illness from COVID-19 (e.g. those with underlying medical conditions, especially if not well-controlled, and the elderly) are encouraged to take additional precautions when leaving home. They may work, if they agree with their employer that they can do so safely. | All freight can be distributed and received, with essential freight prioritised. This includes de-vanning, delivery to and receipt by businesses (including those businesses not currently permitted to trade for receipt only) and customers. All freight can enter and leave the country. |
| Face coverings must be worn on domestic flights. | Face coverings required on public transport and domestic flights (but not inter-island ferries) – school buses and children under 12 are exempt along with passengers in taxis or ride share services and people with disabilities or mental health conditions. Face coverings can be anything that covers your face, or a mask. | Passengers and workers in transport stations and on public transport services must comply as far as reasonably practicable with the 1-metre physical distancing rule. On air transport services and small passenger service vehicles passengers must maintain physical distancing as far as reasonably practicable. | You can travel, but do it in a safe way. Do not use mass transport if required to self-isolate/ quarantine, experiencing symptoms of COVID-19, awaiting a result from a COVID-19 test, suspected/ probable/confirmed to have COVID-19, or if subject to an individual notice issued under section 70(1)(f) of the Health Act. Appropriate physical distancing and other risk mitigating measures in place on public transport and aircraft as agreed by relevant agencies. |
| No restrictions on domestic travel. Avoid mass transport if sick, awaiting a result from a COVID-19 test, or required/recommended to self-isolate. Border restrictions remain in place. | You can travel, but do it in a safe way. Do not use mass transport if required to self-isolate/ quarantine, experiencing symptoms of COVID-19, awaiting a result from a COVID-19 test, suspected/ probable/confirmed to have COVID-19, or if subject to an individual notice issued under section 70(1)(f) of the Health Act. Appropriate physical distancing and other risk mitigating measures in place on public transport and aircraft as agreed by relevant agencies. | Travel is allowed for the following essential personal movement in your local area: - Accessing local services and businesses - Going to work and school - Low risk recreation in local area - Extended bubble arrangements, and - Travelling to permitted gatherings. Those travelling on public transport should avoid peak times unless they are going to work or school. | Personal travel (including the use of private cars or public transport) is only permitted within territorial authority, and for essential personal movement as defined in Health Act order of 3 April 2020. |</p>

### Workplaces

Businesses must operate safely and fulfill all their usual health and safety obligations. Alert Level 1 places no additional legal obligations on them:

- Businesses and services are encouraged to maintain records to enable contact tracing but this is not a legal requirement.
- Contact management.
- Contact tracing and case and contact management.

Businesses and workplaces must operate safely. This means:

-complying with general Alert Level 2 settings;
- meeting appropriate public health requirements for their workplace (e.g., having contact tracing systems and physical distancing);
- fulfilling all other health and safety obligations.

All businesses are encouraged to use alternative ways of working if possible. Business premises can open for staff and customers provided they meet public health requirements. Services can also be provided on customers’ premises (e.g., in homes).

Close contact services can operate if they meet public health measures including robust record keeping, good hygiene practices and minimised contact to the extent possible.

If a workplace cannot meet these measures it cannot open its physical premises.

### Education

Any educational facilities connected to a confirmed or probable case of COVID-19 must close temporarily, if advised by the public health unit, to support contact tracing and case and contact management.

Tertiary education facilities, schools and early learning centres are open for all age groups.

- Early learning centres and schools are all physically open including Years 11–13. Distance learning is available for those unable to attend school (e.g., where there are people self-isolating).
- Tertiary education facilities are open, and will maintain the core capability to deliver comprehensive distance learning to students.

Any educational facilities connected to a confirmed or probable case of COVID-19 must close temporarily, if advised by the public health unit, to support contact tracing and case and contact management.

Early learning centres and schools are open for children in Years 1–10, with appropriate health measures in place.

- Early learning centres will be open to provide childcare for people who are working. Children will not be able to attend playcentres and play groups. Home-based care, education and supervision of young children for more than one family in a home if public health control measures can be implemented. Children are encouraged to stay at home, if caregiving is available.
- Primary and intermediate schools are open. If there is a parent or caregiver available to look after children at home and school children have access to distance learning, children and young people are encouraged to continue distance learning at home.
- Secondary schools are open for young people in Years 9 and 10 who may not be able to stay home by themselves. All young people in Years 11–13 learn from home.
- Tertiary education facilities open for limited activities involving small groups (up to 10 people), and with distance learning provision for others.

Any educational facilities connected to a confirmed or probable case of COVID-19 must close temporarily, if advised by the public health unit, to support contact tracing and case and contact management.
